	Touchstone Dimensional Printing Software allows print providers to easily produce textured, dimensional printing with virtually no additional effort compared to their existing workflow.	Touchstone		X	X	X	X		
	Arizona Xpert software allows print providers to quickly set up multi-layer, high margin jobs such as day/night backlits, double sided/blockout window clings, second surface prints, etc. and save them as a template to be used for similar jobs, saving time and money.	Arizona Xpert	X	X	X	X	X	X	
	Color-Logic is the premiere commercially available color communication system for metallic substrates which takes into account the substrate, inks, press curves and coatings. The Color-Logic system provides a color communication system for 250 additional metallic colors, which in turn can produce eye-catching decorative effects.	Color-Logic™	X	Only compatible with models using white ink.
