

OCÉ SAFAB PREMIÈRE COLLECTION

Satin Fabric for the Océ ColorWave 650/500/700 printers

Product Description

Océ SAFAB is a 7 mil (170 gsm) digital satin fabric and is designed for use in the Océ ColorWave® series printers with Océ Crystal-Point® technology. Océ Première Satin Fabric has a satin surface on one side and a acrylic primer coat on the back side. The satin surface allows for high toner coverage with superb print results. This fabric can be stitched to create pole pockets for indoor retail banners, or events. You can use it as a retractable banner stand display.

Finishing Recommendations

Océ SAFAB performs well in finishing operations such as sewing, cutting and grommeting. It is highly resistant to shrinking or curling.

This information is presented as a general guide and is not a performance guarantee. The user should determine prior to use the suitability of the material for the specific application or purpose.

Printer/Ink Compatibility

Océ SAFAB is recommended for use with the new Océ CrystalPoint technology in the Océ ColorWave 600/650/500/700 printers.

ICC Color Profiles

ICC color profiles will improve image quality and optimize ink limits for improved drytime, wider color gamut, and more accurate color matching. The Océ ColorWave 650/500/700 printers, please select the Océ SAFAB profile.
