

DuoBoard® 050

high integrity, C2S duplex board

DuoBoard® 050 is a high integrity coated two side duplex board manufactured with cellulose fibers and pressed into a smooth, dense rigid board.

Both sides of DuoBoard® 050 are finished with the identical smooth, satin print surface, providing superior printability and dimensional stability. The product is easy to cut and assemble and can be used for most indoor point-of-sale and display graphics applications.

DuoBoard® 050 is an environmentally responsible recyclable alternative to styrene and expanded closed-cell PVC based board medias.

Printability: Flatbed UV and screen

Choose your GREEN resource from a leading solutions provider.

APPLICATIONS

- | | |
|-----------------|--------------------|
| Indoor POP | Structural signage |
| Aisle markers | Wing cards |
| Display toppers | End caps |

CUTTING RECOMMENDATIONS

DuoBoard is designed to be easily cut using a die, guillotine, and many market CNC routers using i-cut.

EASY TO INSTALL

Use with grommet, frames, easel backs, double-sided tape, Velcro® or suction cups. Suitable for framing because it is acid free.
