

## ID10S

### 10 Mil Satin Photopaper Aqueous Inkjet Media

## PRODUCT DESCRIPTION

A 10 mil (270 gsm) Satin photopaper. Instant Dry ID10S is a premium pe-photopaper designed to meet the demands for high quality photorealistic reproduction. The ultra-white base with microporous coating means your prints will be instantly dry and water resistant, while the thinner base allows you to save money and still provide photographic output. Universal compatibility is optimized for today's wide gamut printers. Instant Dry ID10S optimizes natural skin tones and more neutral Lab values. ID10S is also compatible in the HP latex printers.

## SPECIFICATIONS

- Color and black-and-white photographic prints.
- Proofing, display graphics.

### Printer/Ink Compatibility

Recommended for use in most photographic and display graphics inkjet printers including: Epson® Ultra Chrome and K3 series, Vivid Magenta series, Canon imagePROGRAF serie, as well as Hewlett Packard® Z series and HP5500 series printers. ID10S is also compatible in the HP latex printers. Choose the HP Professional Photo paper setting when loading your media.

### Application Instructions

Please refer to Finishing Tips.

### Finishing Tips

Prints may be laminated with pressure-sensitive or low-melt thermal laminate for additional scratch and moisture protection.

### ICC Profiles

ICC Color profiles help improve image quality and optimize ink limits for improved dry-time, wide color gamut, and accurate color matching.

### Important

Printer and driver settings need careful setup to help ensure the best performance. Appropriate ink loads must be set for the ink/printer combination being used.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.
