

FOTOPA DREAMCUT XLD-170 WP WALLPAPER CUTTER

The Fotopa Dreamcut XLD-170 WP cutter is specially designed for trimming multiple tiles of graphic images with extreme accuracy. Recommended for wallpaper applications, the Fotopa Dreamcut XLD-170 WP cutter is equipped with digital sensors that compensate feed misalignment. The automatic cutter eliminates workflow bottleneck, offering a safe and accurate finishing solution.

Features

- Automatic X/Y cutter for rolls and sheets up to 67" wide
- Versatile cutter designed to cut flexible media up to 40 mil thick
- Automatic realignment and compensation while cutting
- Optical detection of crop marks placed by ONYX® RIP Software
- High Y trimming accuracy of ± 0.002 " (± 0.06 mm)

Applications

The Fotopa Dreamcut XLD-170 WP cutter, combined with an Océ ColorWave® large format printer or an Océ Arizona® series printer, opens a very wide range of application possibilities including wallpaper, floor graphics, wall graphics, signs, banners, canvas, posters, stickers, flyers, window graphics, and more.

CUTTER SYSTEM	
Easy to use	Fast setup and easy operation
Compensation	Self-squaring to the edge of the image (X)
Sensor	Automatic tracking to the image edge (Y)
Automatic	Automatic scanning of cut marks made with RIP software
Versatility	Adjustable cutting media lengths and quantity
Substrates	Up to 40 mil thick
Memory	Memory channels to store different cut marks
Motor	Mechanism controlled by stepper motors
Blades	Self-sharpening blade system
Accuracy	X ±0.5 mm (0.02"), Y ±0.06 mm (0.002")
Loading	Auto-grip for easy loading of media
Cutting	Horizontal, vertical, left and right single slitters included
SPECIFICATIONS	
Max media width	67"
Min media width	11"
Min length media	4"
Size main engine (W x D x H)	110" x 36" x 44"
Unit weight	650 lbs.
Max linear speed	50' per minute
Electrical requirements	110 V, 20 A
Air requirements	60 psi
OPTIONS	
Double slitters	Double slitters, 0.315" (8 mm) between slitters (fixed)
Adjustable slitters	Adjustable double slitters from 0.315" (8 mm) between slitters to maximum working width
Single slitters	Extra single slitter left and right
Stacking	Stacking tray

Fotoba Coreless Rewinder

The Fotoba Coreless Rewinder offers a fully automated solution for wallpaper and all other applications. The Rewinder attaches to the Fotoba Dreamcut XLD-170 cutter, and together they cut and rewind tiles of media to produce a finished roll.

CORELESS REWINDER	
Versatility	Rewinds 1 roll or 2 rolls simultaneously
Maximum media width	62"
Minimum media width	20"
Rolls	8', 10', or 30' wound rolls
Productivity	Rewind 300 30-foot rolls per 8 hours
Maximum length	30' - 50'
Maximum diameter	4" of rewind media
Applications	Butt joint for residential application
Rewinder size (W x D x H)	84" x 55" x 41"
Unit weight	559 lbs.
Electrical requirements	110 V
Air requirements	2.5 BAR

WHY CANON SOLUTIONS AMERICA.

Canon Solutions America recommends forward-thinking strategies to achieve the highest levels of information management efficiency for your unique business needs. Using superior technology and innovative services, we then design, implement, and track solutions that improve information flow throughout your organization in environmentally conscious ways, resulting in greater productivity and reduced costs.

There are many reasons why you should choose Canon Solutions America as your provider for document management solutions. Benefits include:

- A Canon U.S.A. Company
- Business Services
- Professional Services
- Global Capabilities
- Certified Training and Support
- Flexible Finance Options
- Single-Source Solutions Provider
- Managed Document Services
- Nationwide Coverage
- Customized Industry Solutions
- Genuine Canon and Océ Parts and Supplies
- Diverse Range of Input-to-Output Technology

But that's not all. As a company that is dedicated to your needs, we support our solutions with highly skilled professionals and advanced diagnostic systems to maintain peak performance. And with ongoing consultation, we can further your document management capabilities to ensure the highest level of satisfaction and productivity.
