OCÉ CAN17
17 Mil Polyester Blend Canvas Aqueous Inkjet Media for use with dye and pigment ink on thermal and piezo inkjet printers.

Product Description
A 17 mil, (320gsm), matte, water resistant canvas composed of 35% cotton and 65% polyester blend. Carrying a fine weave of 1 over 1, this allows for flexibility in handling to make canvas wraps or graphic pieces that require bending the fabric. Can be stretched without cracking- based on toner lay down during printing on the Océ ColorWave® 700 printer.

SPECIFICATIONS
Physical properties
• Basis Weight - 320 gsm
• Caliper: 17 mil
• Whiteness: > 120 CIE
• Opacity: 98%
• Weave: Oxford 1 over 1

Features
• Excellent Overall Print Quality
• Indoor use
• Water resistant
• Fine Weave

Recommended Storage Conditions and Shelf Life
• Store in clean, dry area away from direct sunlight
• Temperature 68°-77°F. (20°-25°C). Relative Humidity 30-70%
• Repack opened rolls when not in use
• Allow material to stabilize to room conditions 24 hours before use.

Environmental, Health & Safety
• No Material Safety Data Sheet required.
• Waste not suited for recycling.

Main Applications
• Graphics Box framed
• Indoor murals
• Indoor Hanging Signs

Printer/Ink Compatibility
Océ CAN17 is recommended for use in ColorWave 700 printers. You can create a custom profile using Océ Web Express tools. Media comes on a 3 inch core. It's also compatible with traditional thermal and piezo inkjet printers.

Color Profiles
ICC color profiles will improve image quality and optimize ink limits for improved drytime, wider color gamut, and more accurate color matching. The Océ ColorWave 700 Printer can create a custom media profile through Océ Web Express. You can choose Océ CAN17 from Océ Web Tools to import into controller.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.

Finishing Recommendations/Post Process
The Océ CAN17 performs well in finishing operations. Can be stretched without cracking- based on toner lay down during printing on the Océ ColorWave 700 printer.
